Procedure Guide for issuing a visa to reside/work in the United Arab Emirates

- Guided by the health indicators of the World Health Organization and relevant international organizations about epidemiology of diseases in different regions of the world, it was decided to screen foreign workers in their home countries.
- Ministry of Health has adopted The program of foreign workers' medical examination that is used by the Gulf Co-operative Council (GCC) countries through accredited offices in their home countries.
- The application of this screening program would start from October 2011.
- The Preventive Medicine Departments at the Ministry of Health and other health authorities would conduct the screening in UAE for those who have been screened in their home countries from October 2011.
- To apply for visa entry permit to reside/work, a certificate of being free of infectious diseases is mandated and issued from the accredited centers in the home countries by (GAMCA) and certified by the UAE missions abroad.

Action required:

A - When you apply for residence/work visa in your country:

- Go for a medical examination at a certified health center in your home country who will issue a medical examination certificate.
- Provide a copy of the medical examination certificate issued by the certified health center and a copy of the passport to the Ministry of Interior and the Ministry of Labour in the UAE, along with the form approved by the Ministry of Interior.

B - After getting the visa and on reaching UAE:

- Go to the centers of Preventive Medicine Departments at the Ministry of Health and fitness centers and health screening of other health authorities, to conduct confirmatory examination in accordance with the Council of Ministers Resolution No. (28) for the year 2011, and provide the following documents:

- Original passport.
- Original residence/work visa.
- Original health certificate issued by the certified health Centre by GAMCA, and certified from UAE mission in your home country.

- Obtain a health card or a health insurance.
- Get a final fitness certificate and apply for the residency.

C - When renewing residency/work visa

- The medical examination will be conducted only in UAE through the Preventive Medicine Departments at Ministry of Health and fitness centers and health screening of other health authorities in accordance with the decision of the Council of Ministers.
- Get a final fitness certificate and apply for the residency.
