

People of Determination Awareness Workshop

Summary of the Workshop

Objectives:

The Health Regulation Sector (HRS) at DHA organized a workshop titled “People of Determination Awareness”, during which Dr. Marwan Al Mulla, CEO of Health Regulation Sector, appreciated the efforts exerted by all health relevant parties in elevating the standards of care to the People of Determination and promote the participation and inclusion of People of Determination in the community.

Attendees:

Members from the Health Regulation Sector in collaboration with the Primary Health Care Sector and Dubai Municipality participated in the workshop. The attendees included multiple licensed Healthcare facilities and licensed healthcare professionals.

Events:

Dr. Latifa Al Rostamani, Head of Office People of Determination in DHA, discussed Dubai's strategy for People of Determination and commented on the requirements of regulating the services for them, in order to transform Dubai into a friendly city for People of Determination by 2020.

Dr. Shahraban Abdullah, Chairperson of the Child Protection Committee at the DHA, presented the Child Protection Law, "Wadeema Law", which preserved children's rights.

In addition, Engineer Elham Al-Saffar, from the Research and Building Systems Department/Dubai Municipality, reviewed the “Dubai Universal Design Code” in the Emirate of Dubai and gave information on “Wosool” initiative which can be easily accessed by all healthcare facilities.

Finally, Dr. Khulood Alsayegh, Head of Clinical Standards and Guidelines Section in DHA, discussed the Standards for People of Determination which was focused mainly on the health quality and safety measures, integrated to address People of Determination.

-----The End-----
