INTRODUCTION

Health Regulation Sector (HRS) forms an integral part of Dubai Health Authority (DHA) and is mandated by DHA law No. (14) of the year (2021) amending some clauses of law No. (6) of 2018 pertaining to the Dubai Health Authority (DHA), to undertake several functions including but not limited to:

- Developing regulation, policy, standards, guidelines, and manuals to improve quality and patient safety and promote the growth and development of the health sector;
- Licensure and inspection of health facilities (HF) as well as healthcare professionals (HP) and ensuring compliance to best practice;
- Managing patient complaints and assuring patient and physician rights are upheld;
- Strengthening health tourism and assuring ongoing growth; and
- Assuring management of health informatics, e-health and promoting innovation.

The Manual for Licensing Healthcare Professionals aims to fulfil the following overarching DHA Strategic Priorities (2022-2026):

- Pioneering Human-centered health system to promote trust, safety, quality and care for patients and their families.
- Make Dubai a lighthouse for healthcare governance, integration and regulation.
- Become a global digital health hub.
- Foster healthcare education, research and innovation.
- Strengthening the economic contribution of the health sector, including health tourism to support Dubai economy.

EXECUTIVE SUMMARY

This document is a manual of the “Licensing Healthcare Professionals”. The Manual was developed in collaboration with key stakeholders and health regulator experts. The current document has been updated considering the new relevant regulations published in regard to the following:

- Federal Law no. (5) Of 2019 concerning the practice of the human medicine profession and its amendments
- Federal Law No. (5) Of 1984 regarding the practice of some medical professions by pharmacists and non-physicians
- Cabinet Decision no. (40) of 2019 concerning UAE Federal Law concerning Medical Liability
- Ministerial Decision no. (101) of 2022 concerning the amendment of the Unified healthcare Professional Qualification Requirements (PQR)
- Local Law no. (6) of 2018 concerning Dubai Health Authority and its amendment.

The aim of the manual is to provide a consolidated resource to assist HP and applicants in understanding and demonstrating compliance to the requirements and documentation to be submitted to Health Regulation Sector (HRS) while applying for a DHA HP license.
DEFINITIONS

Authorities: The Regulatory Authorities within the United Arab Emirates according to the geographical jurisdiction, Ministry of Health and Prevention (MOHAP), Department of Health - Abu Dhabi (DOH) and Dubai Health Authority (DHA).

Continuing Professional Development: A range of learning activities through which HPs maintain and develop their knowledge and skills throughout their career to ensure that they retain their capacity to practice safely, effectively, and legally within their evolving scope of practice. CPD is also referred to as Continuing Medical Education (CME).

Credentials: Are the documented evidence of education/ qualifications, registration/ license, training/ experience, and other documents that are required to check the eligibility of the HP to obtain a license.

Discontinuity in practice: An interruption of clinical practice exceeding two (2) years as per PQR.

Dubai Medical Registry: Dubai medical registry is a public database maintained by DHA, which includes details of both licensed HPs as well as registered HPs.

Experience: Hands on clinical experience gained by a licensed healthcare professional during a salaried employment/contractual period and it excludes volunteer jobs, observership, or clinical attachment.

Good Standing Certificate: A certificate showing evidence that the healthcare professional is competent to practice the profession, has not been found guilty of unprofessional conduct, and
that there are no pending or previous disciplinary orders or criminal proceedings against the healthcare professional. The same licensing authority of the healthcare professional registration / license must issue the certificate.

**Healthcare Professional:** A person who by education, training, certification and licensure is qualified to provide healthcare services.

**License:** A permission granted by an authority to practice a healthcare profession.

**Logbook:** A typed comprehensive record from physicians and dentists with surgical specialties for the last two (2) years demonstrating clinical competence through mixed major cases, signed, and stamped by the medical director of the facility or the head of department, mentioning the name, date, and total number of procedures performed within the mentioned period.

**Medical Fitness Certificate:** A report issued by medical fitness centres within the last three (3) months confirming that the applicant/ HP is medically fit to practice.

**Discrepancy Result:** A verification result indicating negative feedback of the submitted credentials.

22.3. In case of no official legal binding (e.g. contract, labour card or employment visa) between the HF and concerned professional, the request will be granted.

22.4. DHA will do review for the raised issue request and communicate with licensing facility. The facility shall respond to the DHA within 5 days. Failure to respond will result in proceeding of the request.

23. CHAPTER NINETEEN: TEMPORARY PERMIT TO PRACTICE

23.1. Upon a request from HF, this permission is issued and undertaking from the medical director of the facility to allow professional to work temporary in the mentioned facility only and under direct supervision from a licensed professional from the same specialty.

23.2. Only medical director of licensed facility can apply for this service, and it is applicable for all Sheryan titles: physicians, dentist, nursing and midwives, allied professionals and TCAM.

23.3. Availability of existing professional from the same specialty is prerequisite to apply for temporary permit to practice for professional.
23.4. The DHA shall review the submitted application and subject to approval or rejection.

23.5. The required documents:

23.5.1. Copy of passport.

23.5.2. Higher Specialty Degree.

23.5.3. License from home country.

23.5.4. CV.

23.5.5. Any other documents uploaded by the applicant or requested by HRS.

23.6. The temporary permit to practice does not require passing the assessment or obtaining positive PSV.

23.7. The duration of permit can be up to six months subject to DHA approval.

23.8. This permission is not renewable.

23.9. The application fee is similar to activation of professional license and it is non-refundable.

23.10. This permission does not indicate eligibility of the applicant to obtain professional license later.

23.11. This temporary permission is different from the professional license issued from DHA which requires the professional to fulfil all requirements as per the PQR.

23.12. Professional obtained temporary permit to practice shall work under the supervision of licensed professional.
23.13. The medical director and the licensing facility shall take the responsibility and liability for documents submitted, professional competency, medical errors, and misuse of permit.

23.14. Professional with temporary permit to practice shall not be involved in dealing with controlled, semi-controlled and narcotic medications, issuing sick leave, applying for GSC or raising E-claim request (insurance).

23.15. Professional with below situations will not be entitled for temporary permit to practice:

23.15.1. A professional who does not hold the required higher education certificate according to the PQR.

23.15.2. A professional who does not have a license to practice the profession from the country in which he worked (except for interns and residency doctors).

23.15.3. A professional whose professional license has been withdrawn or suspended by any of the health authorities in the country.

23.15.4. Rejection of a previous application for licensing at any of the health authorities because the professional did not fulfil the conditions and requirements (eg: failure to pass 3 test attempts, having a negative verification result).

24. CHAPTER TWENTY: REVOCATION/SUSPENSION OF LICENSE

24.1. DHA - through its responsible party such as MPC, Appeal Committee or DG - may take the following decision/action on the HP license resulting in medical malpractice, PSV result or disciplinary action taken by another health regulator/board:
24.2. Precautionary suspension, until the final decision is finalized and applied, including but not limited to the following scenarios:

24.2.1. The HP practice may put patient safety at risk.

24.2.2. Discrepancy PSV reports.

24.2.3. Suspension.

24.2.4. Revocation.
